Wholesale Soap Establishment!
AMERICAN
STEAM SOAP COMPANY,
Incorporated by Act of the Legislature of the State of New York, and secured by Letters Patent under the LAWS OF THE U. STATES, A. D. 1851.
CHAS. W. DENNISON & CO.
PROPRIETORS FOR THE STATE OF MAINE.

C. W. D. & CO. are now prepared to manufacture and offer to the trade and consumers the Soaps of the American Cream Soap Co., in all their varieties, at their Factory,
Nos. 31 & 33 UNION ST., Portland, Me.,
CONSISTING OF
American Cream Soap in Bars, Laundry and Manufacturers' in Barrels and Cans, Toilet, Shaving, Shaving Cream, Transparent, Cream Soap Preparation, &c., &c.

These Soaps are presented to the public, after having been thoroughly tested by ourselves and friends, as the best Labor Saving Articles ever discovered, and we offer them to the public as every way worthy of their confidence.

They do the work of the Laundry in simply warm water, either Soft, Hard, or SALT, dispensing with Boiling or Pounding and the Washboard—consequently a large amount of Fuel and wear and tear of clothing is saved, and not one fourth the amount of Labor is required to do the washing of a family. The tendency of these Soaps is to soften the fabric and loosen the hold of the dirt, without injury. Washing is done by simply rubbing the Soap on the parts of clothes most soiled, and placing them in warm suds sufficient to cover them — there let them remain a few hours, (or all night if convenient) then, with a slight hand rubbing and good rinsing, they will be perfectly clean, and without injury to the most delicate fabric. Merinoes, Silks, Shawls, &c., may be washed with perfect safety. Cotton Goods Prints of any color that will fade in water alone when washed with these Soaps, accordingly, the directions will not change, but remain firm, and the colors rendered more brilliant. For washing Woollens, Fringes, Gilding, Mirrors, Maps, Paintings, Lamps, Silver Ware, &c., &c., these Soaps are superior to any in the market. The cost of these Soaps is no more than of those ordinarily used; and besides this the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, machine, pounding barrel, &c., &c., and the necessity of boiling, is wholly avoided.

We ask for these Soaps a fair trial, choosing to trust to its own merits rather than resort to the publication of a long list of certificates from those who have used it wherever it has been manufactured; which we have in our power to procure if necessary.

For sale, Wholesale only, at 31 & 33 Union Street, Portland, and retail by Grocers generally in city and country. Agents supplied on liberal terms. All orders addressed to C. W. D. & Co. postpaid, Nos. 31 & 33 Union Street, Portland, Me., will receive prompt attention.

TESTIMONIALS.

The following certificate from Dr. John C. Warren, of Boston, was given 17 years since, but will last forever.

Boston, Jan 5, 1853.

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of a skilful workman in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr. J. F. Foster to supply the deficiency occasioned by the death of Mr. Beath—After some months of observation of his work, I am well satisfied that Mr. Foster is well acquainted with the manufacture of these instruments, and ingenious in accommodating to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to these important articles.

JOHN C. WARREN, M. D.

The undersigned take great pleasure in recommending to the favorable consideration of those who are unhappily afflicted with Hernia, Mr. James Frederick Foster, as a skilful and competent person in the manufacture and fitting of Trusses. We have employed him (some of us over twenty years) and therefore speak from personal knowledge of his abilities. His early advantages, his long experience in the business, and the large number of individuals whom he has relieved in a variety of cases, render him, in our opinion, equal, if not superior, to any manufacturer of the article. His father, Dea. Gideon Foster, of Charlestown, was master of the Poor-house in that town for upwards of twenty-four years, during which period Mr. Foster availed himself of the opportunity, and made application of Trusses in a great variety of cases, with great success, some of which were of a very complicated and distressing character.

It is well known to all who have occasion to wear a Truss, that its great excellence consists in its adaptation to the body, at the same time relieving the patient. Any ordinary mechanic may make a Truss, but none but a skilful practitioner can apply it in such a manner as to be effectual, and oftentimes radically cure the complaint.

Our experience has convinced us that Mr. Foster has thoroughly attained this knowledge. The certificates of Dr. J. C. Warren, and other eminent surgeons, which he has shown to us, fully sustain the opinion we here express.

The subscriber has a list of 9000 names that have bought Trusses of him within the past thirty years, living in all parts of the United States.

Persons ordering these Trusses by mail, and giving dimensions, and any right or left, can have them sent to any part of the country, by express, and at just the price they are willing to pay; $2 to $4 single, $4 to $6 double.

Dr. Langley's Root and Herb BITTERS.

A COMPOUND of Sarsaparilla, Yellow Dock, Prickly Ash, Dandelion, Thoroughwort, Wild Cherry, Mandrake, and Rhubarb. Just the Medicine for Ladies; sure to do them good.

SPRING HAS COME.

Read, consider, reflect! and know that after being shut up or confined in factories or workshops all winter the Liver becomes inactive and unhealthy, thus filling the blood with vitiated humors, producing Jaundice, Weakness, Loss of Appetite, Dyspepsia, Headache, Costiveness, Indigestion, Foul Stomach, Piles, Langour, and General Debility. Now then, if you wish to remove all these, together with humors in the Blood and Skin, take Dr. Langley's Root and Herb Bitters—at least one or two bottles. They always do good and never hurt. Let each and every man, woman and child have a bottle at only 25 cents for a pint, 37½ cents for a quart bottle.

Now Nature, herself, a sure remedy brings,
Which cleanses the current of life at its springs,
From fearful Diseases that bear to the grave,
Langley's Root and Herb Bitters infallibly save.

There's scarce a dangerous disease we can name,
In which the Root and Herb Bitters have not achieved fame.
And so safe, is their action, they cannot do harm,
While they strengthen the system and act like a charm.
Are you Temperance folks—when this medicine is used
No drink alcoholic is by it infused,
Nor need the fond mother feel anxious alarm,
To the tenderest infant it cannot do harm.
Is your Liver diseased? is Jaundice your foe?
Then Langley will deal both the monsters a blow;
Do you suffer from Headache—'twill give you relief;
For Piles 'tis of all cures acknowledged the chief;
The motto of "Buy me and I'll do you good,"
The test of experience has easily stood—
And many unto it the truth will appeal,
That the Root and Herb Bitters is every one's Friend.
Is your Appetite gone, then the Root Bitters take.
And you'll heartily relish your chop or your steak;
The Blood it will purify—redden your cheek,
And strengthen your frame should it ever grow weak,
The Ladies declare no such Remedy's known;
And the sale is immense to the Fair Sex alone?
No wonder, the Bitters make Langour to fly!
Brings new bloom to the lip, new fire to the eye!

Sold in Bangor wholesale and retail, by Ingraham & Fuller, Guild & Harlow, and by all Druggists and dealers in Medicine in Bangor. Orono, Oldtown, Stillwater, Hampden, Frankfort, and Bucksport, at 25 cents a pint and 37½ cents for a quart bottle.

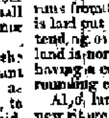
Important Bargains Offered.



LOTS of Land for Rural Dwelling Houses, with Large Fruit and Vegetable Gardens, adjoining the city, mostly on the continuation of French St. and Broadway, and a street laid out, 75 feet wide, in the range with Broadway, (as it runs from State Street to the Park.) This street is laid out about 160 rods through my lands, extending over the west end of Mt. Pleasant. This land is north of and much higher than the Park, having a commanding view of the city and surrounding country.

Also, land for Orcharding and Farming, on the new Stage Road to Oldtown, running by Coombs' Mills, situate beyond and near the first considerable elevation, having a view of some part of the city on its western side. This land is considered as good as the farm on which I live, where I have raised over 40 bushels of wheat to the acre, (as may be seen in the books of the P. A. Society,) and oats, hay and potatoes in that proportion. Some judgment may be formed also of my land for Fruit Trees on my lot near the city, by examining my bearing trees and our Fruit Nurseries.

My land East of the Mills has a considerable growth of wood on it, and some timber for frames. We can go three turns a day, it being one of the easiest roads running out of Bangor.

Liberal terms will be given on it, and the size of the lots made to suit purchasers.

SMOOTHING IRON!

MANY important improvements have been made since the beginning of the present century, relieving and facilitating the labor of men by machinery and other modern implements; but females have been nearly neglected until the introduction of the *Patent Self Heating Smoothing Iron*, which will relieve them, in a very great degree, from the excessive and dangerous labor of *Ironing* besides being a great saving of time and expense. This Iron combines economy, convenience, saving of labor, and despatch; one cent's worth of dry charcoal supplies fuel for a whole day's constant Ironing. Hard wood coal from the stove will answer the same purpose. It can be used in any room or in the open air. Hatters' and Tailors' Irons are constructed upon the same principle, and possess equal superiority.

Per order of the State Committee,

Portland, June 27 1854

WHIG STATE CONVENTION.

The following report of the proceedings of this body, at Portland on the 29th ult, we copy partly from the Advertiser and partly from the State of Maine.

The meeting was called to order by Noah Smith Esq., Chairman of the Whig State Committee, upon whose nomination, Jedediah Jewett Esq of Portland was chosen temporary chairman. Messrs Wm G Clark of Sangerville and Joseph Williamson Jr. of Belfast were chosen temporary secretaries.

Committee on credentials appointed, one from each county, and also a committee on permanent organization. The latter reported as follows,

PRESIDENT,
HON. HORACE PORTER of Kennebunk.

VICE PRESIDENTS.

Gideon Tucker of York, T O Saunders, Kennebec, T. Weeks, Lincoln, Elisha Clark, Sagadahoc, Joseph Sumner of Washington, Minot Crehore of Waldo, F M Stubbs of Franklin, J Wingate Carr of Penobscot, Calvin Fuller of Somerset, Wm. Buxton of Cumberland, H. K Goodenow of Oxford, T C Woodman of Hancock, A Wiggin of Piscataquis, James A Drew of Aroostook.

SECRETARIES.

Joseph Williamson of Belfast, W. G. Clark of Sangerville

And the Report was accepted

John H. Williams, Esq of Portland offered the following resolution, which on motion of Mr. Cowan of Saco was laid on the table.

Resolved, That the delegates of the several counties be requested to present to this convention the names of gentlemen to constitute the Whig State Committee for the ensuing year, and that another committee be selected by a Whig State Convention.

Mr Hubbard, of Wiscasset, moved that a committee of one from each county be appointed by the Chair to report Resolutions expressive of the sense of the Convention.

Mr Murch, of Biddeford, opposed this motion. He thought that the delegates from each county should choose their own committee man. He was of opinion that the people should choose their own representatives, and not go into any 'cut-and-dried' arrangement.

He moved that the delegation from each county select one of their number as the committee on resolutions.

Mr. Goodenow, of Alfred, hoped we should have harmony in the Convention It had always been the practice for the President to appoint the committees, and if those whom he appointed were not acceptable the Convention could not reject them.

Jedediah Jewett, Esq. of Portland, did not believe whigs could introduce unsound planks into the platform if any are introduced which, are unsound the gentleman has an opportunity to move to strike them out.

Mr Ladd of Bangor, would like to know what objection there could be to the resolution? If we couldn't be represented in the Convention they might as well have much nery to do the business for them.

Mr Cochran, of Waldoboro' said he had attended Whig Conventions for many years and it had always been the custom to have the committee on Resolutions appointed by the Chair. No machinery could be made which would manufacture resolutions which could go through this Convention—that are not straight-out whig—Anti Nebraska—and against this rotten, general Administration (Applause)

Mr Goodenow, of Alfred, hoped here would be no unnecessary heat that all would keep cool. It was generally supposed that the Chairman would do right; if not, the Convention have power to correct him.

Hon Noah Smith, Jr., of Calais, said it had always been the usage for the State Committee to assemble a day or two before the meeting of the Convention, and select certain gentlemen for the various committees—for the committee on credentials, and that on permanent organization But it had always been left to the Chair to appoint the committee on resolutions To vote for the amendment offered by the gentleman would be a vote of want of confidence in the Chair.

The question was at last taken by rising, and the amendment proposed by Mr Murch was rejected by a decided vote.

A committee on resolutions was appointed by the Chair, consisting of Wales Hubbard of Lincoln, J. Baker of Kennebec, L O Cowan of York, G G Came of Cumberland, A. W Johnson of Waldo, Samuel McLellan, of Penobscot, H L K Wiggin of Androscoggin, D C Magoun of Sagadahoc, Joseph Granger of Washington, Henry A Wyman of Somerset, W W Virgin of Oxford, J H Rice of Piscataquis, W L Whitcomb of Franklin, A F Drinkwater of Hancock, Eben Woodbury of Aroostook.

The resolution offered by Judge Williams was then called up, and after some debate, during which the present State Committee expressed their assent to the proposition, the resolution was passed.

The committee on credentials reported a list of 592 delegates.

Half past two was assigned as the time to ballot for a candidate for Governor.

AFTERNOON

A Committee was appointed to receive the votes for Governor.

Mr Sayward of Bangor offered the following resolution,

Resolved, That the enactment and enforcement of the "Maine Law" have been of peculiar, social and moral advantage to the people of Maine, and the continued and earnest support of that law is demanded by the public welfare and the public sentiment.

Mr Cochran moved to refer this to the Committee on Resolutions, and made remarks to the effect that he fully endorsed the Maine Law, and was in favor of a candidate who was in favor of the Maine Law, but he thought such a reference courteous to that Committee.

Mr Sayward had no objection to this course, but he hoped the resolutions would be reported before the ballot for Governor was taken, otherwise embarrassment might ensue from the selection of a candidate who did not harmonise with the sense of the committee on resolutions.

Mr. Cochran of Waldoboro', inquired of the gentleman from Bangor if he expected the committee on resolutions would report before balloting. Mr Sayward hoped they would. Mr Cochran said he was not one who wished to go into the campaign on the platform of the "dumb democracy." (Applause.) He wanted it understood that the candidate would put himself on a platform satisfactory to the whigs of the State. He knew that they were all sound on Nebraska and the Maine Law. No candidate would do anything to disturb the harmony of the Convention. (Applause.)

Those who knew him best knew he was sincere and he assured them that a candidate who had been named here from the town he represented, was sound on all the questions of the day. Slavery and rum drinking are the two greatest curses to be fought, and on these questions they differed widely from the democracy. Mike Walsh once said, and he is good authority on such subjects, "shut up the grogshops in New York, and you break the democratic party in the State to pieces." (Laughter and applause.)

Mr. Sayward said he was a Whig, and had always been one, because he believed the principles of that party were for the best interests of Maine. He tho't the discussions of to-day had been held under an unjust suspicion. He had rather be suspected of a wrong to the whole world than be conscious of a wrong in his own mind. He wished the whigs of the State for whom he had written, spoken, and labored for so many years—seeing them here in Convention—should stand strong. He desired that it should have a platform, so that after one is adopted every man may go for his own candidate and all submit to the will of the majority.

Here it was announced that the hour had arrived, for balloting for Governor: but previous to doing so, Mr. Otis of Hallowell spoke at some length in favor of Mr. Sayward's resolution.

The Committee on resolutions, however, being ready, reported as follows:

Resolved, That the great purpose for which the Fathers of this Republic achieved our Independence, and formed our Constitution, was "to establish justice, insure domestic tranquility, provide for the common defence, promote the general welfare, and secure the Blessings of Liberty to themselves and their posterity" and that this Constitution does not by any construction favor the extension of Slavery, but it is in its whole scope and spirit opposed to it.

Resolved, That it was the policy of those noble patriots to limit this institution to the States where it then existed, as is clearly demonstrated by the application of the Ordinance of 1787 to all the territory of the Union and by subsequent legislation of Congress down to 1850.

Resolved That the passage of the Missouri Compromise, after severe conflict between the Free and Slave States, and as a great and inviolable measure of pacification, did ... the most solemn manner, pledge the faith and honor of the Federal Government, and of the Slave States against its repeal.

Resolved That the repeal of that prohibition by the Nebraska and Kansas bill, is destructive of mutual confidence between the States of this Union—is exposing the Union itself to imminent danger—is inconsistent with the fundamental principles of natural justice, and is destructive of all confidence in the integrity, good faith and honor of the National and State governments in avowing such repeal."

Resolved, That in view of this act of perfidy, the Free States ought immediately to raise the banner of Repeal, and, in uniting in the contest every friend of freedom, and adopting every legitimate measure in their power, fight on and never furl that banner till this compromise shall be fully and permanently restored, and we here pledge ourselves that we will never consent to the admission of any slave State in this territory which was solemnly dedicated to Freedom.

Resolved, That this recent attempt to extend slavery over a vast region, from which it was excluded by a solemn compact, who ... in connection with a long series of ... measures of ... character, if not in express and with ... now foreshadowed ought to awaken the people of the free States to the aggressive character of slavery as a political power, and to unite them in determined hostility to its existence in any territory now possessed, or which may hereafter be acquired by the United States, and to the admission of any more slave States.

Resolved, That while every supporter of the repeal of the Missouri Compromise has betrayed his character for political integrity, the Northern supporters of this measure have added to that, the guilt of treachery to their constituents and to the cause of liberty, and we hereby declare our decided condemnation of the course of all such men whatever be their party affinities, and our firm determination to crush out the race of doughfaces, and to vote for no man for Congress, whose life and character are not a reliable guaranty that he will faithfully adhere to the principles of these resolutions.

Resolved This the country owes a debt of gratitude to all those members of Congress, especially to those patriotic Representatives from the slave states, who so manfully struggled, day and night, to maintain the public faith inviolate against all the intrigue and seductions of the Administration and the slave power, and we rejoice to know that the entire delegation from Maine, with a single dishonorable exception, maintained their integrity to the last.

Resolved, That while we believe that American citizens are abundantly able to govern themselves, and hold to the doctrine of "popular sovereignty" in its legitimate application, we maintain that the apology of Northern men for supporting the Nebraska Kansas act that it maintains this doctrine, is unfounded and delusive, is ... by the South, and its ... and has been ... by its peculiar friends in Congress.

Resolved That we have been pained and alarmed by the recent instances of flagrant Executive interference with the legislation of Congress, and the freedom of State elections—an interference, that is subversive of the rights of the people, dangerous to our republican system, and ought not to be tolerated, and in order to remedy this growing evil we are in favor of taking the appointment of officers from the President, as far as practicable and making them elective by the people.

Resolved, That the "Fugitive Slave Law" ought to be so modified, as to secure the right of "habeas corpus" and trial by jury to every person claimed in the place where he is ...

Resolved, That we earnestly recommend to all the opponents of the Nebraska Kansas Act, in each Congressional District in this State, to lay aside every prejudice, forget for the time every difference on other matters, and cordially co-operate in the election of members of Congress who will be true and faithful in the coming conflict between Freedom and Slavery.

Resolved, That the best guarantee for the safety and permanency of the Federal Union is to be found in the adoption of measures designed to facilitate intercourse between the different sections of the Union, as it is now ... and which in their character would be calculated, and would operate to bind together in mutual interest and dependence every portion of our country.

Resolved, That we are opposed to the repeal or essential modification of any of the constitutional provisions of the Maine Law, and are in favor of its faithful enforcement, throughout the State, until experience shall demonstrate that it is ineffectual and unwise.

The resolutions were adopted, amidst the most enthusiastic applause.

A ballot was then taken for Governor. John A. Poor, Esq., asked if any one had been authorized to state what position Governor Crosby occupied—whether he had declined or not?

J. W Johnson, Esq., of Belfast, said that Gov. Crosby peremptorily declined being a candidate.

While the Committee were counting the votes, the State Committee were announced, as follows:

Jacob McGaston, of Lincoln; Noah Woods, Jr., Kennebec; D. E Somes, York, C. J Gilman, Cumberland; J Williamson Jr, Waldo; G W. Ladd, Penobscot, Charles Clark Androscoggin; J. Putnam, Sagadahoc, N Smith, Jr., Washington; M. Steward, Somerset; M. H Dunnell, Oxford, J. H. Rice, Piscataquis, H. ... Whitcomb, Franklin, C A Spofford, Hancock, Eben Woodbury, Aroostook,

The Committee appointed to receive the votes for Governor then came in, and announced the result of the first ballot, as follows:

Whole number of votes,	514
Necessary for a choice,	258
Isaac Reed of Waldoboro	210
Noah Smith, Jr., of Calais	210
Edward Kent, of Bangor,	33
G. W Pickering, of Bangor,	32
Thos. Robinson, of Ellsworth,	13
A. P Morrill, of Readfield,	2
Horace Porter of Kennebunk,	2
J. S Tenney of Norridgewock,	1

Mr. Pickering's name was withdrawn.

A letter was read from Edward Kent, withdrawing his name.

A second ballot was then taken with the following result:

Whole number of votes,	564
Necessary to a choice	283
Isaac Reed had	288
Noah Smith, Jr.,	267
Edward Kent,	7
Thomas Robinson,	2

The announcement of the ballot was received with immense applause, and three cheers were given.

The report was accepted, and on motion of A. T Dole, Esq., Isaac Reed was declared the unanimous choice of the Convention, amid great applause.

Mr. L. O. Cowan, stated that he most cordially acquiesced in the nomination that had been made, and would make all the effort in his power to elect the candidate. He also expressed himself enthusiastically in regard to the noble sentiments expressed in the resolutions of the Convention.

Mr Cochran, of Waldoboro, knew the gentleman who had been nominated, he was sound on the Nebraska question, and on the Maine Law.

Noah Smith, Jr., Esq., of Calais, came forward on being called for. He said he had been loth to allow his name to be brought before the Convention, and had only done so at the earnest solicitation of his friends, and he had told them that they might use him, or use him up. But he considered it a greater honor to receive a minority vote even, from such a Convention, than an election by Locofocos to the Presidency of the United States.

He knew Isaac Reed to be a Whig of the right sort, worthy of the earnest support of the Whigs of Maine.

After some further remarks by Mr. Poor, who, although a strong "compromise" Whig of 1850, now declared himself in terms of strong indignation against the Nebraska iniquity, and ready to endorse the resolutions.

The following resolution was unanimously passed.

Resolved, That confiding in the ability, experience and integrity of Hon. Isaac Reed, of Waldoboro, we cheerfully recommend him to the unanimous support of the Whig party of the State, and we will use all honorable and judicious means to secure his election.

And the Convention adjourned.

SALE OF CITY PROPERTY R S. Prescott, auctioneer, on Saturday last made a sale at auction of the lot of land owned by the city, opposite the city farm, containing about 4½ acres, for the sum of $4000. HORRIBLE INFANTICIDE. The English papers give the details of the murder of a whole family of children, six in number, by their mother, Mrs Brough, once the nurse of the present Prince of Wales. The mother appears to have been laboring under temporary insanity, induced, probably, by constant watching the children, who had been sick with measles.

REVIVAL OF THE SLAVE TRADE The following article, from the Charleston (S. C) Standard, has at least the merit of boldness and consistency. At the same time, it shows the progressive tendencies of the slavery propaganda of the present day. We do not apprehend, however, that the cotton and sugar growing States can compass the legalization of the foreign slave trade, so long as it is for the pecuniary interest of the slave-breeding States to prohibit it.

"We recently alluded to Mr. Slidel's resolution to give England and France notice of the abrogation of the convention whereby we are to keep a force upon the African coast for suppression of the slave trade. * * * We have no sympathy in the purposes of this convention, and no wish for its success, and we think the time has come to speak out on the subject. To practice slavery and yet suppress the slave trade—to contend that slavery is of advantage to the races which concur in its existence, and yet resist the efforts by which the advantage is extended—to urge that the union of unequal races is necessary to the progress of human society, and yet resist the means—is a contradiction which human ingenuity can never reconcile and yet to such a contradiction the southern section of the country is compelled in every effort to discourage the traffic with the coast of Africa by which the limits of this institution are extended.

That there is no moral wrong in slavery is the assumption which lies at the base of that institution. It is the principle upon which we justify its practice. It is the principle which we establish when we show that both races are better under the influence of this institution than without, and, in fact, the intelligent mind of the South is fast approaching the conclusion that *Slavery is the normal condition of human society*. It is fast becoming the belief that to advance, society must be composed of two classes—the one to direct and the other to labor * * a division which is natural, and which necessarily results from the inequality of the races brought together.

No nation has been so favored as the people of these Southern States. None has so increased in wealth and numbers—none so free from domestic broils and civil commotion (?) In none has the laboring class been so happy * * To defend and praise and pray for the continuance of such an institution, and yet contribute ships and soldiers to prevent its extension and its spread to others than ourselves, is scarcely defensible upon any reasonable principle of human action."

NEW POSTAGE BILL. It will be seen by the proceedings in Congress yesterday, that the House has passed the new postage bill which was reported a week or two since by Mr Olds, the Chairman of the Committee on Postage —The bill, as explained by Mr Olds when it was reported, makes the postage for letters for distances under three thousand miles three cents, and requires prepayment, and that the prepayment be made with stamps. It puts ocean postage at five cents for distances under three thousand miles, and at ten cents for distances over three thousand miles.

The main difference between the proposed rates and those at present in force, is the increase to ten cents on letters carried over three thousand miles, the present rates being five cents. The ocean postage rates are now ten and twenty cents—under the new bill they are five and ten cents. It is also proposed to require prepayment of inland postage, by stamps. —Boston Journal, June 30th.

There is too much truth in the following, which we copy from the Albany Evening Journal:

"Had the Southern Whig Senators been wise and true on that Missouri compromise" question, a hopeful and brilliant future would have opened up for the Whig party and the country. But for lack of wisdom and fidelity, Senators Jones, Pearce, Benjamin, Badger, &c., have thrown away a golden opportunity. The scheme was a trap set and baited for the administration. The Southern Whig Senators stalked blindly into it, and are caught. But worst of all, Kentucky, a long and well tried Whig State whose interests are all bound up in the compromises, and whose faith is pledged to them, had no representative voice to protest against the swindle."

IMPORTANT FROM KANSAS. A letter published in the Baltimore Sun, from Fort Leavenworth, states that the citizens of the new territory of Kansas had held a large meeting for the purpose of organizing an association to protect the rights of the squatters. Resolutions were passed declaring the right of the squatters to mark out and hold a claim of one hundred and sixty acres, recognizing the institution of slavery as at present existing, and recommending slaveholders to introduce their slaves as soon as possible, and declaring that no protection will be afforded to the abolitionists who may come out as settlers on the new territory. The writer says that a ready 2000 claims have been made near Fort Leavenworth, and applications are still pouring in.—Boston Journal.

CONCORD, N H, June 30th. In the House, on the motion of Mr. Emery, Whig, of Portsmouth, the election of U S Senator was postponed to next Thursday forenoon, by a vote of 154 to 145.

The Milwaukie Sentinel says there could not, by any possibility, be a better prospect for the wheat crop in Wisconsin.

The fare from Portland to Boston on all by the Portland, Saco and Portsmouth Rail Road, has been raised half a dollar, and is now $2.50. The fare from Boston to Lowell on the Boston and Lowell Road, has been raised from 60 to 75 cents.

The Bath Mirror says that the city of Bath is unusually healthy, and presumes that a more healthy city of its population cannot be found.

Never failing Remedy.—Among the immense number of patent medicines discovered, the are but very few that possess any real merit. Of this last class the discoveries of Dr Holloway, a celebrated English Physician, may be ranked at among the best, both on account of the character of the ingredients of which the medicines are composed, and the variety of diseases which have been effectually removed by their use. The Professor has established a house at 38 Ann street, for the sale of the same throughout the Union, where parties may be supplied with them at wholesale.—New York National Democrat.

SECOND CONGRESSIONAL DISTRICT. We are informed that Charles J. Gilman, Esq., was nominated, by the Whig Convention at Auburn, yesterday, as the Whig candidate for Congress in the 2nd Congressional District. A Committee of Conference was chosen to consult with the Committee chosen at the Convention of the Maine Democrats, and Mr. Gilman signified his readiness to co-operate in carrying out any plan which may be agreed upon to unite the Nebraska men on one candidate. We understand also that it was contemplated to have a Convention at which the matter will probably be definitely settled—all of which we think judicious and proper.

Mr. Gilman declined being a candidate for election, but received a large number of votes. Mr. F. O. Fessenden was another candidate.—Portland Advertiser, July 1.

We have received the proceedings of the convention, with a request to copy. We shall do so in our next.

Phenomenon in Medicine.

Health Restored & Life Lightened by

Dr. Morse's Invigorating Elixir, or Cordial.

For centuries, Medical science has been ransacking the vegetable and mineral kingdoms, in search of something that should restore the lost or declining energies of the nervous and muscular systems, without the drawback of subsequent prostration, which all the stimulants hitherto known ... MARRIED PERSONS, ...

PERSONS OF PALE COMPLEXION,

or consumptive habits, are restored by the use of a bottle or two to bloom and vigor, changing the skin from a pale, yellow, sickly color, to a beautiful florid complexion.

TO THE MISGUIDED.

These are some of the sad and melancholy effects of the early habits of youth, viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, derangement of the digestive functions, general debility, symptoms of consumption, &c.

... the fearful effect on the mind are much to be dreaded. Loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self-distrust, love of solitude, timidity, &c., are some of the evils produced. All thus afflicted

BEFORE CONTEMPLATING MARRIAGE,

should reflect that a sound mind and body are the most necessary requisites to promote connubial happiness; ... the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with your own.

are often misled with respect to the causes and sources of disease in their sons and wards. How often do they ascribe to other causes the wasting of the frame, idiocy, madness, palpitation of the heart, indigestion, derangement of the nervous system, cough and symptoms indicative of consumption, when the truth is, that they have been caused by indulging in a pernicious, though alluring practice, destructive to mind and body.

CAUTION.

Dr. Morse's Invigorating Cordial has been counterfeited by some unprincipled persons.

In future, the genuine Cordial will have the proprietor's fac simile pasted over the cork of each bottle, and the following words blown in the glass:—

AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Bilious diseases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back and Limbs, Female complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the eminent gentlemen to whom we are allowed to refer for these facts, are

Prof. VALENTINE MOTT, the distinguished Surgeon of New York City.

Doct. A. A. HAYES, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

IRA L. MOORE, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H. C. SOUTHWICK, Esq., one of the first merchants in New York City.

C. A. DAVIS, M. D., Sup't and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Did space permit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the ... of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. ... Cathartic, Purgative and Pill ... both to produce a more efficient purgative than has hitherto been ... The reason of this is plainly ... used by the ... Pills ... As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulae by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Being sugar wrapped, they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the Box.

Dr. Pomroy's Ophthalmic Ointment OR EYE SALVE,

P. W. N. Cloud, Professor of Music, Portland, used Dr. Pomroy's Eye Salve for a severe inflammation of the eyes, and in a few applications they were restored to their former strength and equanimity.

Mr. H. E. Hobbs, Pearl street, has used this celebrated Eye Salve in his family, and says that it exceeds all other preparations for affections of the Eye—such as Styes, Weakness of the Eyes, &c., &c.

Mr. W. H. Tanner, Market Square, Portland, was troubled with an affection of the eyes for years, and was entirely cured by Dr. Pomroy's Ophthalmic Ointment or Eye Salve.

Mr. Varnum Wells, Principal of the Academy at Augusta, used this soothing preparation for a severe inflammation of the Eyes, and was entirely cured by two or three applications.

Mr. Andrew Waite, Elm street, Portland, was cured of a severe case of inflammation and Ulceration of the Eye by the use of Dr. Pomroy's Eye Salve, for a few days.

Mrs. Tucker, Fore street, Portland, has used Dr. Pomroy's Eye Salve for her grand daughter, who is troubled with an affection of the Eye, Weakness, &c., and says it has given great relief to her.

Many more such cases as the above might be adduced to show the efficacy of this excellent Salve, but we leave it to those who have used it to extol its merits and spread abroad its fame.

THE AMERICAN'S FRIEND

HOLLOWAY'S PILLS.

To the Citizens of the United States:—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,

38, Corner of Ann and Nassau Sts, New York.

PURIFICATION OF THE BLOOD, AND LIVER AND BILLIOUS COMPLAINTS.

The citizens of the Union suffer much from disorders of the Liver and Stomach, scarcely any are free from the influence of these destructive maladies, hence life wears fast. The fair sex, perhaps the most handsome in the world, up to a certain period, whose teeth and good looks, while yet in the bud of life ... ill effects may be obviated by ... the blood pure, and the Liver and Stomach in a healthy action, when life will flow smoothly, and resemble plants in a congenial clime, where an eternal spring seems to reign.—As it regards the preservation of the human frame, and the dimension of life, much can be effected, and I say fearlessly, that health and lifetime be protected for many years beyond their ordinary limits, if Holloway's Pills are taken to purify the blood according to the rules laid down for health contained in the directions which accompany each box.

A CASE OF WEAKNESS AND DEBILITY, OF 10 YEARS STANDING: CURED BY HOLLOWAY'S PILLS

Copy of a Letter from Captain John Johnson, Astor House, New York, dated January 5th, 1854.

To Professor Holloway, 38 Corner of Ann and Nassau streets, New York.

Sir—It is with the most heartfelt pleasure I have to inform you that I have been restored to health and strength by taking your Pills. For the last ten years suffered from derangement of the Liver and Stomach and was reduced to such an extremity that I gave up my ship, never expecting to go to Sea any more, as I had tried every Remedy that was recommended to me, but all to no purpose, and had given myself up to despair, when I was at last recommended to take your Pills. After using them for three months, the result is that I am now as better in health than I have been for eleven years past, and indeed as well as ever I was in my life. You are quite at liberty to make this known for the benefit of others.

I remain, sir, yours respectfully,

(Signed) JOHN JOHNSON.

Establishment.

AMERICAN CREAM SOAP COMPANY,

Incorporated by Act of the Legislature of the State of New York, and secured by Letters Patent under the

LAWS OF THE U. STATES, A. D. 1851.

CHAS. W. DENNISON & CO.

PROPRIETORS FOR THE STATE OF MAINE.

C. W. D. & CO. are now prepared to manufacture, and offer to the trade and consumers the Soaps of the American Cream Soap Co., in all the varieties, at their Factory,

Nos. 31 & 33 UNION ST., Portland, Me.,

CONSISTING OF

American Cream Soap in Bars, Laundry and Manufacturers' in Barrels and Cans Toilet, Shaving, Shaving Cream, Transparent, Cream Soap Preparation, &c., &c.

These Soaps are presented to the public, after having been thoroughly tested by ourselves and friends, as the best Labor Saving Articles ever discovered, and we offer them to the public as every way worthy of their confidence.

They do the work of the Laundry in simply using water, either Soft, Hard, or SALT; dispensing with Boiling or Pounding and the Washboard — consequently a large amount of Fuel, and wear and tear of clothing is saved, and not one fourth the amount of Labor is required to do the washing of a family. The tendency of these Soaps is to soften the clothes and loosen the hold of the dirt, without injury. Washing is done by simply rubbing the Soap on the parts of clothes most soiled, and placing them in warm suds sufficient to cover them — then let them remain a few hours, (or all night if convenient,) then, with a slight hand rubbing and good rinsing, they will be perfectly clean, and without injury to the most delicate fabric. Merinoes, Silks, Shawls, &c., may be washed with perfect safety. Cotton Goods, Prints of any color that will fade in water alone, when washed with these Soaps, according to the directions, will not change, but remain firm, and the colors rendered more brilliant. For washing Woollens, Prints, Gilding, Mirrors, Maps, Paintings, Lamps, Silver Ware, &c., &c., these Soap are superior to any in the market. The cost of these Soaps is no more than of those ordinarily used; and besides this, the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, machine, pounding, barrel, &c., &c., and the necessity of boiling, is wholly avoided.

We ask for this Soap a fair trial, choosing to trust to its own merits rather than resort to the publication of a long list of certificates from those who have used it wherever it has been manufactured, which we have in our power to do were it necessary.

For sale, Wholesale only, at 31 & 33 Union Street, Portland, and retail by Grocers generally in city and country. Agents supplied on liberal terms. All orders addressed to C. W. D. & Co., postpaid, Nos. 31 & 33 Union Street, Portland, Me., will receive prompt attention.

And, also, the wonderful cures effected by Swaim's Panacea, have for many years made it an invaluable remedy. The Panacea does not contain Mercury in any form, and, being an innocent preparation, it may be given to the most tender infant.

The retail price has been reduced to $1,50 per bottle, (containing three half pints) or three bottles for $4.

Swaim stamped on the sealing wax, and written on the label covering the cork, and a splendid engraving for the side of the bottle, composed of a geometric lathe work, comprising nine different dies, which have been turned for the exclusive use of the proprietor, by Draper & Co, bank note engravers, of Philadelphia. In the centre is a portrait of the late Wm. Swaim, copyright secured.

ALSO, SWAIM'S VERMIFUGE,

TESTIMONIALS.

The following certificate from Dr. John C. Warren, of Boston, was given 17 years since, but will last forever.

Boston, Jan. 5, 1853.

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of a skilful workman, of accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr. J. F. Foster to supply the deficiency occasioned by the death of Mr. Beath. — After some months of observation of his work, I am well satisfied that Mr. Foster is well acquainted with the manufacture of these instruments, and ingenious in accommodating to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to these important articles.

JOHN C. WARREN, M. D.

The undersigned take great pleasure in recommending to the favorable consideration of those who are unhappily afflicted with Hernia, Mr. James Frederick Foster, as a skilful and competent person in the manufacture and fitting of Trusses. We have employed him (some of us over twenty years) and therefore speak from personal knowledge of his abilities. His early advantages, his long experience in the business, and the large number of individuals whom he has relieved in a variety of cases, render him, in our opinion, equal, if not superior, to any manufacturer of the article. His father, Dea. Gideon Foster, of Charlestown, was master of the Poor-house in that town for upwards of twenty-four years, during which period Mr. Foster availed himself of the opportunity, and made application of Trusses in a great variety of cases, with great success, some of which were of a very complicated and distressing character.

It is well known to all who have occasion to wear a Truss, that its great excellence consists in its adaptation to the body, at the same time relieving the patient. Any ordinary mechanic may make a Truss, but none, but a skilful practitioner can apply it in such a manner as to effectually, and oftentimes radically cure the complaint.

Our experience has convinced us that Mr. Foster has thoroughly attained this knowledge. The certificate of Mr. J. C. Warren, and other eminent surgeons, which he has shown to us, fully sustain the opinion we here express.

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, WASHINGTON.

No. 76 State Street, opposite Kilby St., BOSTON.

IMPORTANT INFORMATION TO INVENTORS. The subscriber (late Agent of the U. S. Patent Office, under the Act of 1837) determined to present advantages, in applying for patents, superior to those offered inventors by others, has made arrangements whereby on applications prepared and conducted by him, THIRTY DOLLARS (instead of twenty, as paid back by others) will be remitted by him in case of failure to obtain a patent, and the withdrawal through him within thirty days after the rejection. Inventors can not only here obtain their specifications on the most reasonable terms, but can avail themselves of the experience of 20 years practice, an extensive library of legal and mechanical works, and correct accounts of patents granted in this and other countries; besides being saved a journey to Washington, the usual great delay there, as well as all personal trouble in obtaining their patents. Copies of claims of any patent furnished by remitting one dollar. Assignments recorded at Washington.

R. H. EDDY,
Solicitor of Patents.

"During the time I occupied the Office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office, as Solicitor of Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill fidelity and success. I regard Mr. Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,"
Late Commissioner of Patents.
